

WetRoll-PRO

Pre-impregnated Cleaning Cloth Roll for Automatic Blanket Cleaning

Product Usage

Pre-impregnated Cleaning Cloths for Automatic Blanket Cleaning Systems

Packaging

10 WetRoll-PRO per carton

Features and Benefits

- Base material Polyester and treated pulp fibers combined in a strong hydro-entanglement process
- Excellent efficient cleaning solution with low consumption - down to 50% less solvent to use
- even apply of the cleaning solution - faster restart
- high flash point and zero VOC for safe use and care of the environment
- Excellent absorbance capability for inks, solvents, dust and water
- Even, smooth and soft surface for effective and gentle cleaning
- Lint-free surface - no disturbing residues left
- Precise winding and constant tension - even unwinding without interruption
- Proven cloth with stable structure
- Spindle with high accuracy: easy mounting and no blocking

Directions

put WetRoll-PRO into the spindle and put the beginning of the roll into the conveyor rollers. Pay attention to an even tension.

Technical Specifications

- preassembled + pre-impregnated Cleaning Rolls made in Germany

Wash Solution:

- Flash Point above 120°C
- Odour: neutral
- Labelling: zero hazard

Storage and Shelf Life

Storage: Store horizontal! otherwise an uneven distribution of the solution in the WetRoll may occur.

Storage: not under 0°C, not above 40°C
keep packaging closed until use
