

# Supremo TOP

Blanket for conventional sheet-fed presses - TOP quality

---

## Product Usage

blanket for konventional inks, universal

---

## Features and Benefits

- universal usage: paper, carton and metall
- excellent ink transfer, dense and equal solids
- outstanding rebound effect - adapts the contours of the substrates
- very good resistance to edge marking and smashes
- special micro ground surface - leads to sharp dot reproduction and ink transfer
- very robust through 3 layer construction - for long runs and high speed presses
- high durability

---

## Directions

for sheet-fed presses - also high speed

for us with all paper types, cartons and metall

for conventional inks

---

## Technical Specifications

- Construction: 3-layers, compressible
- Surface: micro ground, 0,7 µm Ra
- Micro/Total Hardness: app. 64°/75° Shore A
- Thickness: 1,96mm
- color: smaragd green

---

## Storage and Shelf Life

Store in a cool and dry place

Expire time: 12 months
