

Silicone Emulsions SE 20AG - SE 35AG - SE60AG with Gliding Additives

for Heatset Presses

Product Usage

Silicone Emulsion with additional gliding additives for Heatset Presses

Features and Benefits

- With highly effective Antistatic Additives
- with additional Gliding Additives improves the rub resistance and the efficiency of the emulsion considerably
- provides enhanced gloss
- Excellent spreading performance
- Enhances gloss of the ink
- No smearing on the folding apparatus
- contains corrosion inhibitors

Packaging

20 kg cans, 200 kg drums, 1.000 kg IBC

Directions

Add to the tap water the Silicone Emulsion Concentrate depending on the circumstances.

SE 20AG: 8-12%

SE 35AG: 5-10%

SE 60AG: 2-4%

Technical Specifications

- form: liquid
- Density: 0,99 g/cm³
- Color: milky white
- Odour: neutral
- Water miscible: yes
- pH value: 7
- labelling: -

Storage and Shelf Life

storage: not under 6°C, not above 40°C

Shelf Life: 12 months

keep container tightly closed

keep away from direct sun light
