

Test Certificate

For the fountain solution concentrate

” HYDROLITH ZR-DZ ”

for web offset presses with turbo,- brush,- spray,- or centrifugal dampening system (usually cold-set or semicommercial web offset)

a product of the company

HUBER GMBH TROISDORF

The fountain solution concentrate „HYDROLITH ZR-DZ“, a product of the company Huber GmbH, Troisdorf, Germany, was tested by the FOGRA in accordance to the guideline “How to test the corrosivity of fountain solution concentrates” (version 12/2004). This guideline was jointly established with the printing press manufacturers:

- Heidelberg Druckmaschinen AG
- MAN Roland Druckmaschinen AG
- Koenig & Bauer AG

The issued test certificate confirms that the tested fountain solution concentrate did not exceed the requested limits of corrosive attack against specific metallic materials as described in the above mentioned guideline.

The test certificate refers exclusively to the chemical composition of the fountain solution concentrate submitted for the test and as described in technical report No. 20978.
